~Sneak Preview~ HEAR US/Diane Nilan's Latest Film!

**Weds., March 5, 1:30 pm, Arlington Court Suites
McKinney-Vento State Coordinators' Meeting**

Doubled up, the most common form of homelessness for families and youth. And the most commonly misunderstood. Diane spent several weeks in Texas interviewing the experts—families and youth in doubled up situations. Her 19-min. film tells their stories. And she'll be in DC to share it at the SC meeting!

Worn Out Welcome Mat offers a poignant look at a variety of doubled up situations, and this film, much like her acclaimed *My Own Four Walls* and *on the edge: Family Homelessness in America*, enlightens and motivates audiences to respond to the students.

Worn Out Welcome Mat-Texas funded by: the US Department of Education (USDE), the Texas Education Agency (TEA), Region 10, the University of Texas at Austin, the Charles A. Dana Center (UT Dana Center), and the Texas Homeless Education office (THEO).
Additional funding from the Frank and Mary Dubczak Fund.
