

Give Every Child a Home At Head Start

Children birth to five years old
who are experiencing homelessness
are categorically eligible for
Head Start and Early Head Start

Remember to ask any new enrolled families experiencing homelessness in your school whether they have younger children at home. If they do, connect them with your local Head Start or Early Head Start.

If you know a family with young children who is experiencing homelessness, call a program in your area to find out about availability.

Use the Head Start locator tool on eclkc.ohs.acf.hhs.gov.
